Bracelet of the North – Changing Magic: The familiar bracelet you have been wearing seems to have changed somehow. It remains frozen to your wrist but the protective wards it once provided have faded. You no longer find yourself resistant to fire, and every time you attempt to ignite a fire, you feel a twinge of reproach. The bracelet has no doubt become cursed in some way, but its full repercussions are yet to be known.

Removing the Bracelet of the North now requires not only a limited wish, wish, or miracle cast by at least a 17th-level caster, but also a remove curse cast by at least a 17th-level caster.

If you played PAL5-07 Troll Winter with a different character than the one that played PAL4-08 Winters Past or have not yet played PAL5-07 Troll Winter, you should attach this AR to your AR from PAL4-08 Winters Past as an addendum. This above text entitled "Bracelet of the North - Changing Magic" appears on the AR for PAL5-07 Troll Winter as well..
